For Immediate Release

**Odyssey Aviation Nassau Expansion Project**

Nassau, The Bahamas (November 5, 2015) – Odyssey Aviation Nassau has begun a 60,000-sq-ft expansion of its lighted ramp, bringing the total footprint to more than 600,000-sq-ft, almost double the size of any FBO at Nassau’s Lynden Pindling International Airport (LPIA).

LPIA tops the list of the busiest airports in the Caribbean and consistently falls in the top 20 in the world. Odyssey Aviation Nassau has the only private property on the field and handles the highest amount of general aviation traffic. The added space will create room to park 20 to 25 more aircraft which will significantly aid in the flow of traffic during peak season.

The \$4 million dollar expansion project is expected to be completed in next year’s first quarter and will include the completion of a 20,000-sq-ft hangar that will allow the Rubis-branded service provider to shelter more ultra-long-range business jets. This will be Odyssey’s second hangar, and when completed will increase the total hangar space to approximately 50,000 square feet. Both hangars will handle up to and including the new Gulfstream G650.

**About Odyssey Aviation:**

Odyssey Aviation is the most trusted provider of aviation services in The Bahamas offering aviation services at 5 airports on 4 islands. Odyssey Aviation has three full service Rubis-branded FBOs at Nassau’s Lynden Pindling International Airport (MYNN), Exuma International Airport (MYEF) and San Salvador International Airport (MYSM) in addition to two handling locations at Governors Harbour Airport (MYEM) and Rock Sound Airport (MYER). Odyssey is the only service provider in the Bahamas where all representatives are trained and certified at Odyssey Aviation Nassau, Headquarters. Odyssey Aviation Nassau and Odyssey Aviation Exuma are both a part of the Paragon Aviation Group which is an exclusive membership of independent FBOs that provide an elite experience to general aviation travelers in North America. Odyssey Aviation Nassau is consistently recognized among the top aviation service companies in the Caribbean.
